**SUMMARY OF PROFESSIONAL COMPENSATION
AND REIMBURSEMENT OF EXPENSES REQUESTED**

9. By this Application, MFC seeks (i) an interim allowance of compensation for professional services rendered to the Examiner during the First Interim Fee Period in the amount of \$3,007,275 and (ii) reimbursement of actual and necessary expenses incurred by MFC during the First Interim Fee Period in the amount of \$30,048. During the First Interim Fee Period, MFC professionals and paraprofessionals expended a total of 4,519.7 hours for which compensation is requested. The blended hourly rate for all services during the First Interim Fee Period is \$665. MFC is not seeking compensation for 171.9 hours and \$104,358 in fees or reimbursement for \$18,956 in expenses incurred in this matter during the First Interim Fee Period but voluntarily excluded from this First Interim Fee Application. MFC's average hourly rate including these voluntarily reduced hours is \$641.

10. Attached as **Exhibit A** hereto is a summary of hours and fees incurred during the First Interim Fee Period setting forth the names, titles, hourly rates and total hours charged for the professionals and paraprofessionals providing services during the First Interim Fee Period. Attached as **Exhibit B** hereto is a summary schedule of hours and fees charged for each category of services during the First Interim Fee Period. Attached as **Exhibit C** hereto is a summary schedule of actual and necessary expenses incurred during the First Interim Fee Period. Attached as **Exhibit D** hereto are the detailed daily descriptions of services rendered by each professional and paraprofessional and billed to the estate during the First Interim Fee Period for each category, including the hours necessarily incurred with respect to each task and the resultant fees.

11. The following is a summary of the services provided by MFC professionals and paraprofessionals during the First Interim Fee Period, by category:

a. Case Administration / General Bankruptcy Matters

Fees: \$269,003 Hours: 394.3

During the First Interim Fee Period, MFC performed various tasks in connection with the initiation of its work on this engagement. MFC prepared and implemented a staffing plan to assign professionals to various functional and transaction teams and developed a related budget for engagement activities. MFC also developed various knowledge and case management processes and procedures to promote the efficient administration of the engagement. MFC addressed technology support matters, including setting up internal shared drives and email repositories and developing protocols for use of the Relativity electronic document review tool. MFC also deployed Synthesis, an MFC proprietary web-based analytical tool designed to synthesize and analyze data and information, manage workflows and coordinate engagement activities, for use by the Examiner and his professionals in this matter. MFC developed relevant reports, lists, and upload forms to aggregate information for various transactions, witnesses, and causes of action. Finally, MFC disseminated relevant information and coordinated various meetings and other efforts internally and with Chadbourne & Parke (“Chadbourne”), counsel to the Examiner.

b. Document Review and Analysis

Fees: \$2,024,799 Hours: 3,079.9

MFC’s primary efforts during the First Interim Fee Period were directed towards the review and analysis of relevant information from a number of sources. MFC professionals reviewed filings in these Chapter 11 Cases as well as publicly available financial statements and other data to obtain background regarding the Debtors’ financial condition and industry, the events leading to the Debtors’ bankruptcy filing and the transactions and other matters within the Examiner’s scope. MFC also received numerous documents pursuant to production requests

during the First Interim Fee Period. MFC professionals performed an initial review of documents received in response to each production request in order to obtain an overall understanding of the types of documents being produced by the various constituents. MFC conducted a substantive review of a majority of the documents/files based on relevant search terms provided by the various functional and transaction teams. Based on this review, summaries of the types of documents identified and access to the relevant files were provided to team members based on their assigned areas of responsibility. The MFC transaction teams then undertook various detailed analyses of the financial, accounting and economic aspects of certain pre-petition and post-petition transactions between or among the Debtors and their direct or indirect parent, affiliates or subsidiaries. MFC also initiated analyses of the financial condition of the Debtors, including considerations of solvency, capital adequacy and the ability to pay debts as such debts become due, at various points in time. Additionally, MFC assisted with other financial forensic reviews in connection with the business and financial aspects of Board duties and the Debtors' business model, operations and controls. Finally, MFC supported counsel in assessing the financial aspects of various potential causes of action.

c. Fee / Retention Application

Fees: \$49,380 Hours: 216.0

This category includes the preparation of the detailed monthly statements and interim fee applications, as required, in order to comply with the Bankruptcy Code, the Bankruptcy Rules, the Guidelines, the Interim Compensation Order and other guidelines governing the payment of professionals in these cases. In this regard, MFC undertook analyses and reconciliations of time and expenses incurred in the First Interim Fee Period, and initiated preparation of the First Monthly Fee Statement through August 31, 2012 and this Application. This category of services also includes preparation of retention applications and related affidavits and the performance of

relationship searches, including updates. In this regard, MFC researched, prepared and submitted its retention application and related affidavit for filing, and addressed questions from counsel and the UST regarding the same. Fees related to the retention application were voluntarily reduced by seventy-five percent (\$84,221).

d. Report Drafting

Fees: \$24,433 Hours 28.6

MFC reviewed and assisted Chadbourne in drafting a detailed outline of the Examiner's report and certain content therein, focusing upon the financial sections of the report outline.

e. Substantive Investigation Planning and Coordination

Fees: \$431,134 Hours 506.9

During the First Interim Fee Period, MFC undertook detailed planning processes at several levels to define case issues, identify transactions and issues subject to investigation and determine the initial processes for analysis and review. MFC's various transaction and functional teams, as well as the engagement leadership team, spoke or met regularly to plan and coordinate work, assess progress and discuss the results of document reviews and analyses underway. MFC also regularly communicated and met with the Examiner and Chadbourne to perform planning and coordination, discuss preliminary observations and findings and address substantive case issues. Given the complexity of the subject matter and the limited time allotted for the Examiner's investigation, frequent communication between MFC and Chadbourne was critical to ensuring that information was disseminated in a timely and efficient manner to appropriate individuals working on a variety of distinct yet interrelated efforts and analyses and that work was appropriately coordinated.

f. Travel Time

Fees: \$34,849 Hours 88.9

This category includes non-working travel time to and from client and office locations and to attend various meetings and other case functions, primarily in New York and Chicago. Fees for travel time were reduced by fifty percent (\$34,849), and one-way travel time was generally limited to four (4) hours absent extraordinary circumstances.

g. Witness Interviews and Discovery

Fees: \$173,679 Hours 205.1

During the First Interim Fee Period, MFC professionals collaborated with the Examiner and Chadbourne to identify prospective witnesses for interview. MFC also assisted in preparation for witness interviews, including developing questions specific to the transactions or other matters at issue and identifying relevant supporting documents. In addition to the interview process, MFC team leaders with knowledge of the relevant transactional or functional areas being discussed attended key meetings with the Debtors, Ally Financial Inc., the Official Committee of Unsecured Creditors and various creditor constituents or other parties-in-interest. MFC also conducted additional meetings with the financial advisors to several of these parties. Finally, MFC assisted counsel in reviewing and drafting numerous document requests and subpoenas to various parties-in-interest and in addressing issues and responses received in connection therewith.

12. Attached as **Exhibit E** hereto are the detailed descriptions of expenses incurred during the First Interim Fee Period. MFC has voluntarily limited amounts billed for lodging to the lesser of actual cost or \$400 per night and has voluntarily limited amounts billed for each out of town dinner to the lesser of actual cost or \$50 per person. MFC is seeking reimbursement for actual and necessary out of pocket expenses of \$30,048 during the First Interim Fee Period, after the voluntary reductions described herein.

13. MFC performed the above professional services and other necessary activities at the request and direction of the Examiner and his counsel, and closely coordinated such services with the Examiner and his counsel to avoid duplication of effort. Communication between MFC and counsel to the Examiner has been frequent and such communication has been critical to ensuring that MFC's work was performed in an efficient and effective manner. Given the depth and breadth of the Examiner's scope and the limited time available to conduct the work required, the services provided by MFC were essential to assisting the Examiner and were reasonable and necessary under the circumstances.

14. All professional services and expenses for which an allowance is requested were performed or incurred by MFC for and on behalf of the Examiner and not on behalf of any other entity or party-in-interest.

15. The fees and expenses sought by MFC, except to the extent prohibited by the Guidelines, are billed at rates and in accordance with practices customarily employed by MFC and generally accepted by MFC's clients. MFC's rates are established after a comprehensive review of public information regarding our competitors' requested rates of compensation and careful consideration of the marketplace by our senior leadership team and are routine and generally applicable to all clients. Moreover, the rates are designed to enable MFC to fairly compensate its personnel commensurate with their skill level and experience.

16. MFC's compensation sought in this Application is based on the customary compensation charged by comparably skilled practitioners in cases other than in chapter 11. Further, the compensation is consistent with that awarded to financial advisors in chapter 11 cases of a similar size and complexity.

17. During the First Interim Fee Period, other than pursuant to the Interim Compensation Order, MFC has received no payment and no promises for payment from any

source for services rendered or to be rendered in any capacity whatsoever in connection with the matters covered in this Application.

18. No agreement or understanding exists between MFC and any other person for the sharing of compensation to be received for services rendered in, or in connection with, these cases.

NOTICE AND NO PRIOR APPLICATION

19. Pursuant to the Interim Compensation Order, notice of this Application has been served upon the following parties (collectively, as further defined in the Interim Compensation Order, the "Notice Parties"): (i) counsel for the Debtors; (ii) the Office of the United States Trustee for the Southern District of New York; (iii) counsel for the Official Committee of Unsecured Creditors; (iv) counsel for Ally Financial Inc.; and (v) counsel for Barclays Bank PLC. In light of the nature of the relief requested herein, MFC submits that no further or other notice is required.

20. No previous application for relief sought herein has been made to this or any other court.

CONCLUSION

WHEREFORE, MFC respectfully requests that this Court issue and enter an order (i) authorizing compensation in the amount of \$3,007,275 for professional services rendered and reimbursement of actual and necessary expenses incurred in connection therewith in the amount of \$30,048 during the First Interim Fee Period for a total fee and expense request of \$3,037,323; (ii) authorizing and directing the Debtors to remit payment to MFC as set forth herein, less all amounts previously paid on account of such fees and expenses; and (ii) granting such other and further relief as this Court deems just and proper.
